

PURE REFLECTIONS

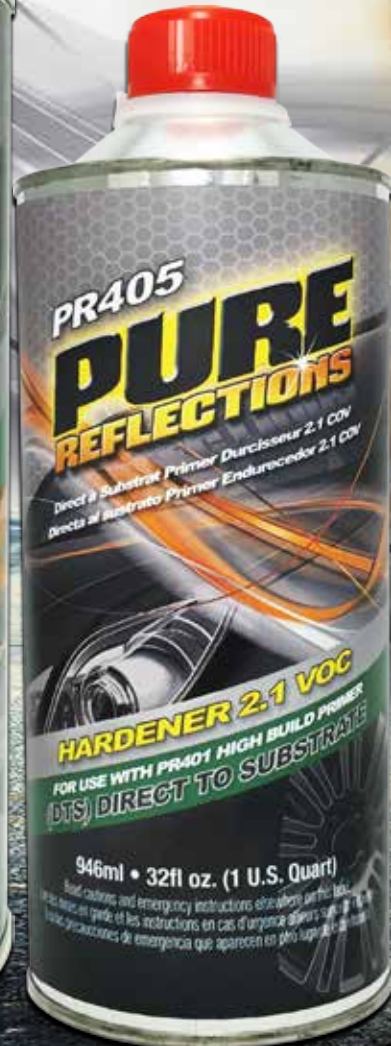

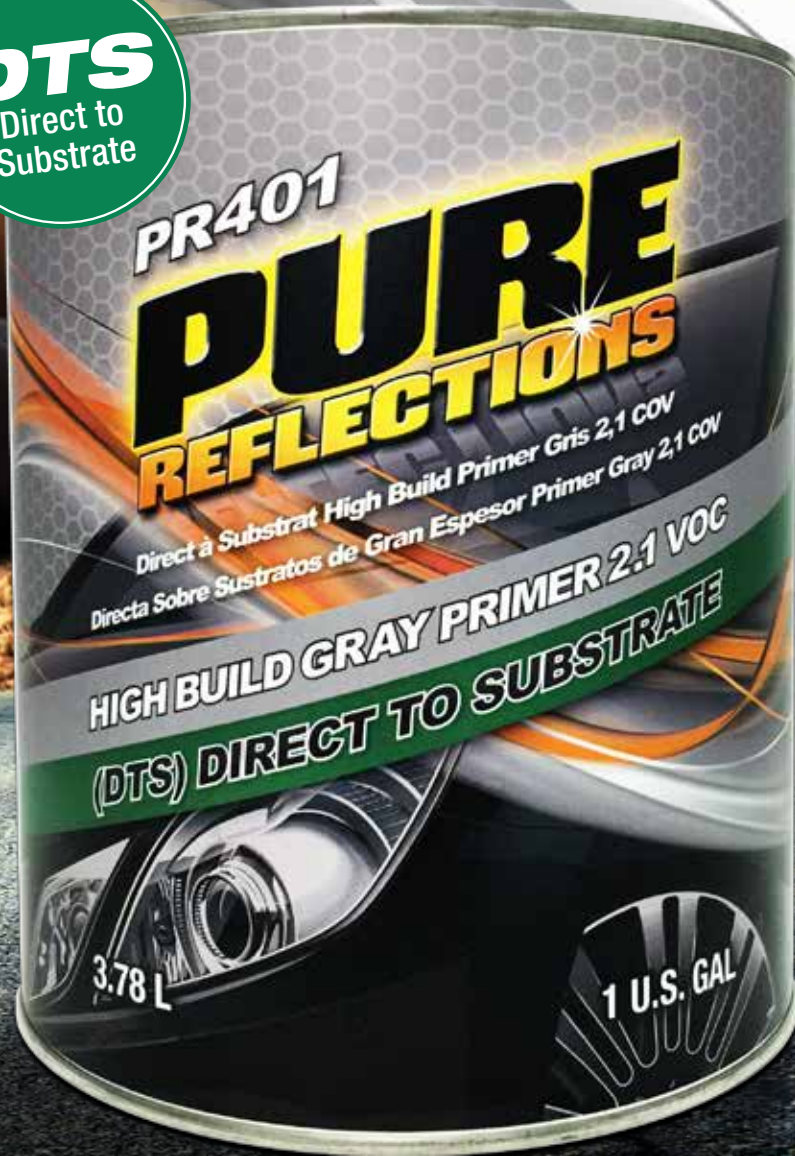

**PR401
2.1 VOC**

PR401-01 (DTS) Direct to Substrate - High Build Gray Primer 2.1 VOC, Gallon

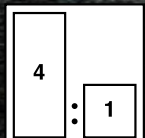

PR405-04 (DTS) Direct to Substrate - Hardener 2.1 VOC, Quart

SPECIAL FEATURES: A two component, Low VOC, Direct to Substrate – Sandable Primer Surfacer that can achieve a very high film build through it's high solids/low viscosity technology. A smaller than normal tip size, allows for smoother application and less work when trying to achieve a total flat-sanded surface. This primer also offers excellent sanding characteristics and gloss holdout.

DTS
Direct to
Substrate

Substrates - Steel, Aluminum, Fiberglass, SMC, OEM Finishes, Etch Primers, Refinish Lacquers, Enamels and Urethanes.
